BRASS SANITARY FITTINGS

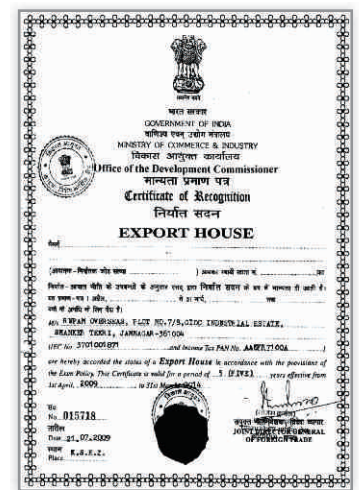

RUPAM Group has been catering to the Sanitary Industry in the International market since 1980's. In accordance with customer's demand of high quality material at competitive prices, we decided to put our own extrusion plant which we commissioned in 2002. Since then, we are the only group in India to have a completely integrated production system right from the Raw Material to the Finished products. Rupam Overseas is the "Mother Industry" of Rupam Group of Companies.

The extrusion plant had been established with a vision to feed the industry with the desired high quality profiles, bars and sections. This vision was clearly backed up by quality machinery which enabled us to extrude hollows with a minimum inner diameter size of 10mm till 85mm.

Rupam Overseas has surpassed the global horizon and serving almost all countries of Europe with quality Brass Fittings suitable for the Sanitary Industry, especially Flexible Hoses and Hydraulic Pipes.

Currently, Rupam Overseas is making copper alloys, mainly brass, in confirmation to different standards like IS, BS, DIN, EN, ASTM, JIS, UNS, CSA, AS and various other International Standards of copper alloy extrusion. Rupam Overseas is an ISO Certified Organisation since inception.

Primarily catering to a captive consumption, we have now started to cater to the needs of our customers in India and abroad. Our speciality being that in Hollow Bars and Profiles, the niche clientele includes some of the heavyweights of the industry.

QUALITY POLICY

Rupam Overseas believes to achieve high standards of quality management system through continual quality improvement process in all functional areas of the organization. We are committed towards Health, Safety and Environmental aspects for all our stake holders.

Our main priority is "CUSTOMER SATISFACTION". In order to meet consistently customer satisfaction, management is working as a team with the involvement of enthusiastic employees to become customer's preferred vendor.

ENVIRONMENTAL POLICY

Rupam Overseas is committed in protecting the environment and controlling the usage of resources in manufacturing and related activities through continuous improvement of environmental protection.

To achieve these goals, environmental management programs will comply with relevant environmental legislation rules and regulations. The environmental management systems will define objectives and targets for prevention and reduction of pollution in manufacturing, and related processes to safeguard adverse impact on the environment.

Sections

Brass Extension Pieces

Thread Size : 3/8", 1/2", 3/4", 1"
 Length (mm) : 10, 15, 20, 25, 30, 40,
 50, 60, 70, 80, 90, 100

Brass Double Nipples

Thread Size : 3/8" x 3/8", 3/8" x 1/2",
 1/2" x 1/2", 1/2" x 3/4"
 3/4" x 3/4", 3/4" x 1"
 1" x 1"

Brass Elbows (MF & FF)

Thread Size : 3/8" x 3/8"
 1/2" x 1/2"
 3/4" x 3/4"

Brass Tees (FFF)

Thread Size : 3/8" x 3/8" x 3/8"
 1/2" x 1/2" x 1/2"
 3/4" x 3/4" x 3/4"

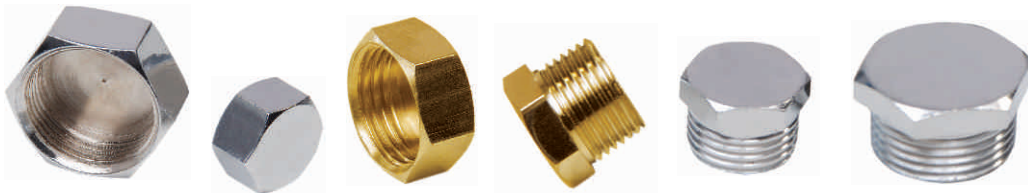

Brass Sockets

Thread Size : 3/8" x 3/8"
 1/2" x 1/2"
 3/4" x 3/4"

Brass Reducers & Hex Bushes

Thread Size : 3/4" x 1/2" 3/4" x 1/2"
 1/2" x 3/8" 1/2" x 3/8"

Brass Male & Female Plugs

Thread Size : From 3/8" to 1"

Brass Hex Nuts

Thread Size : From 3/8" to 2"

Brass Nipples plain & with rubber gasket

Size : From 3/8" to 2"

Straight Knurling

Diamond Knurling

Brass Knurling Nuts

Thread Size : 3/8", 1/2", 3/4", 1"

Brass Male Shanks (Racor) Long & Short

Thread Size : From 3/8" to 2"

Brass Special Fittings for Shower Flexibles

Brass Males (Long & Short)

Thread Size : M10 x 1, M8 x 1

Brass Nipple with Nut Female

Size (5 pcs. set) : 3/8" x 10mm, 1/2" x 10mm
Set Includes Brass Cut Washer, Brass Plain Washer & Rubber Washer

Brass Nipple with Nut Male

Size (5 pcs. set) : 3/8" x 10mm, 1/2" x 10mm
Size (9 pcs. set) : 3/8" x 3/8" x 10mm, 1/2" x 1/2" x 10mm
Set Includes Brass Cut Washer, Brass Plain Washer & Rubber Washer

BRASS INSERTS FOR PPR & C-PVC PIPES

Thread Size : From 3/8" to 2"
